THE NEWSPAPER LAW.

1. All subscribers who do not give express notice to the contrary are considered wishing to continue their subscription.
2. If subscribers order the discontinuance of their periodicals, the publisher may continue to send them until all arrearages are paid.
3. If subscribers refuse or neglect to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.
4. Subscribers moving to other places without informing the publisher and the papers are sent to the former address, they are held responsible.
5. The courts have decided that refusing to take periodicals from the office, or removing and leaving them uncalled for, is prima facie evidence of intended fraud.

If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it; otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice with all arrearages, are sent to the publisher.
The latest postal laws are such that newspaper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under the law the man who allows his sub-

scription to run along some time unpaid, and then orders the postmaster to mark it "refused" and have a postal card sent notifying the publisher, leaves himself liable to arrest and fine, the same as for theft.

SURROUNDED BY MYSTERY!
A Great Mistake.

A recent discovery is that headache, dizziness, dullness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying the stomach with nerve fluid force. This is the cause of many diseases of the nervous system. The nerve system is a telegraph system. It will be seen by the accompanying diagram that the nerves which convey the nerve force to every part of the body, just as the telegraph wires convey the messages to every station, large or small. Ordinary physicians do not understand the nature of the disorder existing therefrom. They treat the part affected. Franklin Miles, M. D., L. D., the highly celebrated specialist and author of many noted treatises on the nervous system, here, since reading the tract of the first demand, and his Restorative Nervine is prepared on that principle. Its success in curing all diseases arising from a derangement of the nervous system, is vouchsafed by the thousands of unimpeachable testimonials in possession of the company manufacturing the remedy simply prove.

Dr. Miles' Restorative Nervine is a reliable remedy for all nervous diseases, such as headache, nervous debility, prostration, melancholia, nervous hysteria, sexual debility, St. Vitus dance, epilepsy, etc. It is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price \$1 per bottle, six bottles for \$5, express prepaid.

Restorative Nervine positively contains no opiates or dangerous drugs.
